

WOUND CARE TODAY 2024

6-7 March 2024, Marshall Arena, MK

E-posters – author guidelines

GUIDELINES FOR POSTER AND FREE PAPER ABSTRACTS

Thank you for your interest in submitting an abstract for a poster and/or free paper presentation at Wound Care Today 2024.

The deadline for all abstracts for both posters and free papers is Monday 15 January 2024.

Your abstract should be a maximum of 350 words (plus the lead author's full name, job title, work address, including postcode, daytime telephone number and work email address).

Categories include:

- **Innovations in practice** — examples of collaborative working alongside patients for improving outcomes. Wound Care Today are particularly interested in case studies with a focus on overcoming barriers to health and wellbeing across populations
- **Quality improvement and service development** — focused approaches to challenge the system, reduce variants in practice, and promote patient-centred care
- **Clinical case reports**— share your experiences.

All products should be referred to with generic names. Any papers with brand or company names in the abstract will be rejected. Abstracts are submitted via our website – please go to www.woundcare-today.com/call-for-abstracts

Instructions for submitting e-posters

Posters will be displayed virtually via the Wound Care Today 2024 conference app.

If you are advised that your e-poster has been accepted, it should be portrait orientation and submitted as either a PDF or JPG file by Monday 12 February 2024 to: binkie@jcn.co.uk.

The e-posters will be uploaded onto the Wound Care Today 2024 Conference App, which will be available to all delegates.
